OYSTER

La morbidezza delle linee del design dona un tocco orientale alla tavola e, grazie ai loro spessori generosi e alle superfici irregolari, le creazioni **Oyster** diventano anche oggetti di arredo.

The softness of the design lines gives an oriental touch to the table and, thanks to their generous thickness and uneven surfaces, Oyster creations are intended to be also interior design objects.

SQUARE

I prodotti **Square** bicolore sono realizzati con acrilico ad alto spessore perché un'elegante presentazione a tavola dei piatti è importante almeno quanto la loro preparazione.

The bi-chromatic Square products are made of high thickness acrylic, because an elegant dish presentation at the table is at least as important as its preparation.
